

AGILE TESTING DAYS USA CONFERENCE

AN INTERACTIVE AND FUN EVENT FOCUSED ON AGILE TESTING

This highly-popular European Conference made it's debut in North America in 2018!

Agile Testing Days USA is a festival for the agile testing community, offering a unique opportunity for sponsors and exhibitors to interact with attendees on a more personal level and share their latest technologies and solutions.

You'll befriend software managers and senior engineers in an informal atmosphere that encourages organic relationship building with key decision makers and influencers and you'll have some fun too!
